## **IMPORTANT VENDOR INFORMATION**

1. Outside vendors not associated with Palisades Tahoe are allowed with pre-approval by your Venue Manager. (Please see our preferred vendor guide for professional and experienced vendors we have worked with.)
2. Client to provide all vendor arrival times and drop off times of products to your Venue Manager (30) days prior to your arrival.  
**All rented items must arrive on the contracted event day 7:00-9:00am. Rentals must be removed after the event concludes by midnight.**
3. Vendors are required to pick up their rental items by the end of your contracted departure date.
4. Vendors must supply all their own equipment unless pre-arranged with your Venue Manager. IE: Extension cords, microphones, umbrellas etc. Palisades Tahoe does not guarantee items needed for vendors will be available the day of the wedding.
5. **ALL vendors will need to provide a certificate of insurance** thirty (30) days prior to your arrival. If your vendor has questions on what is required, please direct them to your Venue Manager.
6. **When the Client rents tables or chairs, it is the client's responsibility to cover the costs of the rental company for setting up and dismantling furniture.** Palisades Tahoe reserves the right to impose an extra charge for the arrangement and removal of chairs unless the requirement is met.
7. If the weather is below 40 degrees, Palisades Tahoe will move any outside contracted events inside.

## **DRONE (UAV) POLICY**

1. Out of safety concerns for guests, employees, and resort property, as well as concerns for individual privacy, Palisades Tahoe prohibits the operation or use of unmanned aerial systems, or drones, by the general public. This prohibition includes no drone use by the general public such as by recreational users and hobbyists operating from, on, or above resort property. This prohibition also includes no drones used for filming or videotaping which includes, except in certain circumstances or editorial drone use by media or journalists operating from, on or above resort property.
2. The only exception to the resort's general prohibition of drones is as follows, in accordance with Part 107 of the Federal Aviation Regulations:
  - Non-hobbyist use of a drone weighing less than 55 pounds
  - Drone operator must hold valid FAA certification as a Remote Pilot Airman with a Small Unmanned Aircraft System rating
  - All operations must comply with Part 107 of FAA regulations and California and Placer County equivalents, if any
  - Operation is planned to occur in a location and on a date and time that does not include over-flight of any person (other
